FAQ

The State requires additional licenses or permits, like a Seller's permit, or follow regulatory mandates.. NOTICE: Before you apply for a new business tax certificate, you are required to obtain a zone clearance for your business location from the City of Fresno Planning & Development Department.

Please contact the Planning Division to begin the approval process at its location in Fresno City Hall, 2600 Fresno Street, Room 3043, Fresno, CA.. If you do business in more than one city, you'll need a separate business license for each location.. If you operate any business in California, you will need a license - whether it's a home-based business, small business, or business with little profit.. Do your research before starting your business
